

Sheridan College 1998 Distinguished Alum

Frank and Phyllis Rotellini were honored as the First Distinguished Alumni. “I cannot express how much Sheridan College has meant to us, said Frank; it was an avenue of development to begin to recognize the opportunity that is available in the world.”

Rotellini, president of First Interstate Bank said he and his wife believe in five basic principals. The First is Faith; the second is family; the third is physical well-being; the fourth is a dedication to a job; the fifth is to give back to the community.

Phyllis Rotellini, who entered Sheridan College with Frank in 1960, said “Sheridan College served as a comfortable bridge between high school and college and prepared us for the University of Wyoming.
